Z-text SMS Modem Windows XP Installation Instructions

© 2004 ... NTS Telecom Limited

This guide is intended to help you with the installation of the Z-text software, it only illustrates the stages of installation where you the user have a choice. All the automatic Windows XP processes like the bubbles indicating "New Hardware Found" or the "Updating System Configuration, Please Wait" windows have been omitted. Should you wish to stop the installation then you can select the **Cancel** button at any time.

Install the software first!!

Do not connect the USB cable to the Z-text SMS Modem until instructed.

Installation Method

- 1. Install the Z-text USB modem Driver Set on your hard drive.
- 2. Install the Z-text Software on your hard drive.
- 3. Connection of the USB cable.
- 4. Install the Z-text USB modem driver.
- 5. Install the Z-text USB modem communications (COM) driver.

With the Z-text CD in your CD ROM drive the installation program should start automatically. If not follow these steps:

- Click on your Start Menu and select Run.
- Type D:\setup.exe and press Enter (where D: is the letter of your CD-ROM drive)

After a short while the Welcome screen will be displayed.

🔏 Welcome	\mathbf{X}
	Welcome to Z-text Setup program. This program will install Z-text on your computer. It is strongly recommended that you exit all Windows programs before running this Setup Program. Click Cancel to quit Setup and close any programs you have running. Click Next to continue with the Setup program . WARNING: This program is protected by copyright law and international treaties. Unauthorised reproduction or distribution of this program, or any portion of it, may result in severe civil and criminal penalties, and will be prosecuted to the maximum extent possible under law.
	<u>[</u> Cancel

• Click on the **Next** button.

• Select **Next** (highly recommended) otherwise choose the installation location yourself by selecting the **Browse** button.

월 Choose Destination	Location	×
